

Hotel del Coronado, Beach Village | San Diego, CA

# Company Overview

## *About Biscayne*

### Our Four Pillars:

- Proactive Communication
- Quality Product
- Within Budget
- On-Time Delivery

## *Our Structure*

### Our Five Teams:

- Account Management
- Project Management
- Production Management
- Logistics
- Implementation

## *Global Production*

### Our Factories Are Located In:

- Indonesia
- Philippines
- Vietnam
- Mexico

We develop and maintain exclusive partnerships with our global production facilities and have a dedicated team of Biscayne employees embedded at each facility. This ensures thorough product development, rigorous quality control, and consistent manufacturing standards.

## Social Responsibility

### *Scholarship Program*

As a way of giving back to our factory partners that do such incredible work on every project, Biscayne Hospitality provides educational scholarships to the children of the employees.

For these scholarships, our company pledges to cover the average cost of books, uniforms, and tuition. This includes elementary, middle, highschool, and college aged children.

## Care Package Donation

Eid al-Fitr is an important holiday and a time of gratitude, togetherness, and sharing blessings with loved ones. In keeping with this spirit, Biscayne Hospitality distributed care packages containing essential supplies and rice to employees of its partner factories in Indonesia.

This year, the company provided over 1,700 care packages to workers and their families, ensuring they had the necessary provisions to celebrate the festival comfortably. The packages included staple food items, personal care products, and other essential goods, alleviating some of the financial burden during the festive period..

# Sustainability

## *Our Materials*

### **SVLK Certified Factories**

- 100% legal wood, sustainably harvested
- Trees replanted after cut
- Regulated age / diameter

### **TSCA Title VI Compliance**

- Wood composites (hardwood plywood, MDF)
- Low emitting formaldehyde adhesives
- Low VOC finish materials

## About SVLK

Since the introduction of SVLK in Indonesia, the country has seen a 60% reduction of illegal logging since 2009 and a 75% decrease of deforestation in the last 3 years.

- Conservation
- Climate Change Mitigation
- Support for Local Communities
